## ABOUT OGT EXPO 2026

Entering its fourth decade, OGT Expo 2026 marks the 31st edition of Turkmenistan's flagship international energy platform. For more than thirty years, OGT has played a defining role in supporting the sustainable development of the national hydrocarbon sector, strengthening international energy dialogue, and facilitating strategic investment across the oil, gas and broader energy value chain.

Today, OGT Expo 2026 is recognised as the largest and most influential energy event in Central Asia. It serves as a premier forum for engagement between senior government representatives, national energy companies, international investors, engineering leaders and global technology providers.

This year OGT EXPO 2026 edition reaffirms Turkmenistan's long-term commitment to energy security, technological innovation, environmental responsibility and mutually beneficial international cooperation.

INTERNATIONAL CONFERENCE & EXPO

## Welcome Address

Dear Distinguished Participants,  
Excellencies,  
Ladies and Gentlemen,

It is our honour to welcome you to the 31st International Exhibition and Conference “Oil & Gas of Turkmenistan – OGT Expo 2026”.

For over three decades, OGT has served as a respected platform for constructive international energy cooperation. The Forum reflects Turkmenistan's consistent state policy aimed at strengthening global energy security, expanding mutually beneficial partnerships and ensuring the responsible and sustainable development of hydrocarbon resources.

Turkmenistan, possessing one of the world's largest proven natural gas reserves, continues to pursue balanced energy development grounded in environmental stewardship and technological modernisation across the entire energy value chain. Major initiatives in upstream development, gas processing, petrochemicals and cross-border energy infrastructure demonstrate a long-term strategic vision and openness to international investment and cooperation.

OGT Expo 2026 provides a structured environment for meaningful dialogue between government authorities, national companies, international energy corporations, financial institutions and advanced technology providers. The exchange of expertise and investment cooperation fostered at this Forum contributes to regional stability and sustainable global energy markets.

We are confident that the 31st edition of OGT will further strengthen international partnerships and create new opportunities for innovation, investment and shared prosperity.

We wish all participants productive discussions and successful cooperation.

## CONCEPT OF THE OGT EXPO 2026

OGT 2026 serves as a leading international platform for the oil, gas, and energy industry, bringing together government representatives, investors, and industry leaders to explore business opportunities in Turkmenistan's energy sector. The exhibition provides a unique space to foster partnerships, showcase innovative technologies, and discuss the future of energy.

## **RECORD-BREAKING 30TH ANNIVERSARY EDITION – OGT 2025**

The 30th Anniversary edition of the Oil & Gas of Turkmenistan marked a historic milestone in the event's development. Celebrating three decades as the region's leading energy platform it demonstrated unprecedented international engagement and industry participation.

The 30th International Conference and Exhibition "Oil and Gas of Turkmenistan 2025" which were held from October 22 to 24, 2025, welcomed more than 20,000 visitors and delegates from over 70 countries, reaffirming OGT's status as Central Asia's premier energy event. The anniversary forum brought together government leaders, national energy companies, global oil and gas operators, engineering contractors, financial institutions and technology innovators, generating significant commercial dialogue and strategic cooperation.

Building on this strong foundation, OGT Expo 2026 is expected to exceed previous participation levels, reflecting growing international interest in Turkmenistan's energy sector and its expanding role in regional and global energy markets.

“

OGT 2026 presents an excellent opportunity to get the latest updates from the Turkmen energy sector. This year agenda reflects the realities of the changing global energy landscape, with the need to accelerate the energy transition and attract investment in developing new gas fields to deliver much needed clean energy to global markets.

”

**Maksat Babayev**

State Minister of Turkmenistan  
Chairman, SC «Turkmengas»

## STRATEGIC IMPORTANCE

Turkmenistan holds the world's fourth-largest proven natural gas reserves and occupies a strategically significant position in Eurasian energy connectivity. OGT Expo 2026 provides direct engagement with key upstream development initiatives, including the Galkynysh field, cross-border infrastructure projects such as TAPI, offshore opportunities in the Turkmenistan's sector of the Caspian sea and expanding gas processing and petrochemical complexes.

The event also reflects the country's commitment to refinery modernisation, industrial diversification, energy transition technologies and methane emission reduction initiatives. As such, the exhibition and conference serve as an institutional bridge between national energy strategy and international capital, fostering structured dialogue between policymakers and the global business community.

## Why Participate in OGT Expo 2026?

Participation in OGT Expo enables direct engagement with senior decision-makers shaping Turkmenistan's energy strategy. It provides access to one of the world's largest natural gas resource bases and positions organisations within a market undergoing industrial modernisation and a structured energy transition. The platform offers exposure to regional and international investors, facilitates structured government-to-business dialogue, and delivers high-level brand visibility within Central Asia's premier energy forum.

## INTERNATIONAL PARTICIPATION

Previous editions of OGT have brought together more than 20,000 delegates from over 70 countries. Participation has included national energy companies and ministries, international oil companies and EPC contractors, multilateral financial institutions, diplomatic missions, global service providers and leading international media organisations.

The consistent presence of major global energy corporations and financial institutions reinforces OGT's reputation as a high-level and strategically relevant international forum.

## **EXECUTIVE NETWORKING & BUSINESS FACILITATION**

OGT Expo is designed to maximise meaningful engagement and measurable commercial outcomes. Dedicated networking areas and structured business meeting formats create an environment conducive to high-level partnership development.

The Executive Networking Lounge provides a professional setting for informal discussions, while the Company Presentation Platform enables exhibitors to introduce technologies, services and investment proposals to a targeted industry audience. Presentation opportunities are limited and allocated through formal application.

## B2B Strategic Partnership Zone

The B2B Business Meeting Zone creates a professional atmosphere for visitors and exhibitors to conduct productive negotiations and discuss prospects for cooperation. It also promotes the strengthening of professional relationships, expansion of business opportunities, and further development of your business in Turkmenistan. At last year's edition more than 500 meetings were held at EXPO.

## Networking Coffee break zone

Networking Coffee Break Zone creates the right atmosphere for guests and participants to have an informal chat with each other. It also creates the right atmosphere for networking, gaining new contacts, and further developing your business in Turkmenistan.

## The OGT EXPO outside space

The open space area located right outside the main Expo centre offers ample space for exhibiting vehicles and other oversize technical equipment. The area is visible from all four sides of the venue and within a few meters from the main hall.

## Company presentation opportunity

As part of the OGT Expo, a designated presentation area is available, enabling companies to showcase their products and services to a targeted audience. The slot must be booked before the end of September by filling out the form on the following link:

<https://expo.ogt-turkmenistan.com/en/presentation-request>

Once you submit your request, Turkmen Energy Forum team will contact your target audience and make sure they are invited to attend your presentation. The availability of slots is limited and will be offered on a first come first served basis.

## WHO YOU WILL MEET AT OGT 2026

The Oil & Gas of Turkmenistan (OGT) International Conference and Exhibition brings together key stakeholders from across the global energy industry and provides a unique platform to engage directly with decision-makers responsible for major projects in Turkmenistan.

Participants include representatives from government institutions, national energy companies, international operators, engineering contractors and technology providers.

### National Energy Institutions

Meet senior representatives from Turkmenistan's leading state organisations responsible for the development of the country's energy sector, including:

“Turkmengas”  
State Concern

“Turkmennebit”  
State Concern

“Turkmengeology”  
State Corporation

### International Energy Companies

OGT attracts participation from global oil and gas operators and energy companies involved in exploration, production, infrastructure and energy services.

Participants include executives and technical specialists from international energy companies active in Central Asia and the Caspian region

### Engineering and EPC Contractors

The event provides opportunities to connect with leading international engineering, procurement and construction companies involved in large-scale energy and infrastructure projects.

These companies play a key role in the development of gas processing plants, pipelines, petrochemical complexes and industrial facilities.

## Direct Access to Key Decision - Makers

Meet senior representatives from:

- government ministries and agencies
- national energy companies
- international oil and gas operators
- engineering and service companies

OGT provides a unique environment for engaging with stakeholders responsible for major energy and infrastructure projects.

## Showcase Your Technologies and Solutions

The exhibition offers companies an opportunity to present:

- oil and gas technologies
- engineering and technical solutions
- industrial equipment
- digital and automation systems
- energy transition technologies

Demonstrate how your products and services can support the development of Turkmenistan's energy sector.

## Expand Your Business Network

Connect with industry leaders, partners and potential clients from across the global energy industry.

The exhibition provides a platform for building long-term partnerships and exploring new business opportunities.

## Engage in High-Level Industry Dialogue

Alongside the exhibition, the OGT Conference brings together policymakers, executives and technical experts to discuss industry trends, investment opportunities and the future of the energy sector.

Exhibitors benefit from access to conference sessions, networking events and bilateral meetings.

## Explore Investment Opportunities

Turkmenistan continues to develop large-scale projects in:

- natural gas production and processing
  - pipeline infrastructure
  - petrochemicals and gas monetisation
  - offshore exploration and development
  - industrial infrastructure
- OGT provides a valuable platform for companies seeking to participate in these initiatives.

## Increase Your Brand Visibility

Participating in OGT allows companies to strengthen their brand presence within the regional energy market through:

- exhibition participation
- conference visibility
- networking events
- media exposure

## JOIN THE GLOBAL ENERGY INDUSTRY IN ASHGABAT

OGT 2026 offers an exceptional opportunity to engage with Turkmenistan's energy sector and explore new partnerships in one of the world's most significant natural gas regions. Previous editions of OGT have brought together more than 20,000 delegates from over 70 countries. Participation has included national energy companies and ministries, international oil companies and EPC contractors, multilateral financial institutions, diplomatic missions, global service providers and leading international media organisations.

## EXHIBITOR PARTICIPATION OPTIONS

OGT Expo offers a range of exhibition packages designed to accommodate companies of all sizes - from organisations wishing to build their own custom stands to those seeking a convenient turnkey solution. Exhibitors can select from three participation formats depending on their branding requirements, technical needs and preferred level of exhibition presence.

## PREFABRICATED STAND PACKAGE

The **Prefabricated Stand Package** provides exhibitors with a ready-to-use, professionally designed exhibition stand installed by the organiser, allowing companies to participate in the exhibition without the need for custom stand construction.

The stand package includes:

white wall panels (3 metres in height)  
information desk

- meeting table with two chairs
- LED display screen for company presentations
- company logo printed on the stand structure
- one standard 240-volt electrical power connection

Exhibitors may present a **short corporate video or product presentation** on the LED display during the exhibition.

To support exhibitors throughout the event, **Turkmen Energy Forum will provide an English–Russian speaking assistant** who will manage the stand during the conference and exhibition. This enables company representatives to attend conference sessions, networking meetings and bilateral discussions while maintaining a professional presence at their stand.

## CUSTOM TURNKEY STAND SOLUTIONS

For companies seeking a distinctive and highly visible exhibition presence, **Turkmen Energy Forum offers fully customised turnkey stand design and construction services.**

Our experienced exhibition team works closely with exhibitors to develop bespoke stand concepts aligned with each company's branding, marketing strategy and technical requirements.

Turnkey stand solutions may include:

- exhibition space allocation
- custom stand design and visual concept development
- stand construction and installation
- branded graphics and signage
- lighting and multimedia solutions
- furniture and meeting areas
- technical support throughout the exhibition

From concept to installation, Turkmen Energy Forum provides a complete end-to-end service, ensuring a high-quality exhibition presence while allowing exhibitors to focus on networking and business development.

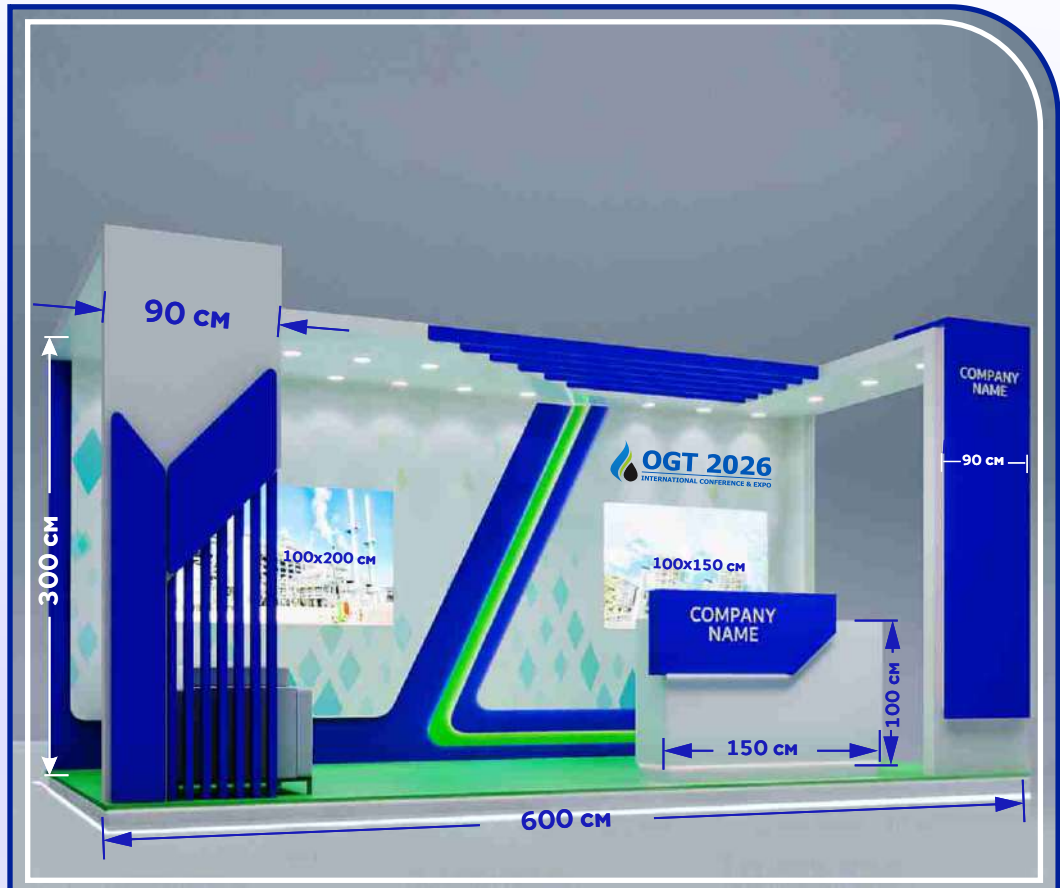

Examples of previously designed stands can be provided upon request.

## MERCHANDISING & BRANDING OPPORTUNITIES

Custom-branded merchandise and corporate souvenirs provide an effective way for participating companies to enhance their visibility and strengthen brand recognition during OGT Expo. Branded items distributed throughout the event create lasting impressions among delegates, clients and industry partners, while reinforcing corporate identity within a highly targeted professional audience.

Exhibitors and sponsors have the opportunity to produce bespoke promotional items featuring their company branding. These items are distributed across key touchpoints of the exhibition and conference, ensuring consistent brand exposure throughout the event.

High-quality merchandise can be produced on request and tailored to each company's marketing objectives, providing memorable takeaways for delegates and reinforcing engagement with potential partners and stakeholders.

### AVAILABLE BRANDING & MERCHANDISE OPTIONS

#### ◆ ***Delegate Merchandise***
